## Mills Court, St. Charles

Inspired by the Colorado like surroundings, this one of a kind custom home was christened the "Aspen". Built on a 1 acre wooded home site right outside of down town St. Charles, this home was done to include all the details of a rustic retreat. From the minute you set foot on this property your eyes will focus on the exterior cedar shake siding and stone fireplace that adorns the front of the home. Not to be outdone is the magnificent landscaping of the home to include many walking paths, and sitting areas throughout. The back yard has two pond-less water falls, and an outdoor fire pit complete with a pergola overhead.

As you enter this home you are drawn immediately to the family room with a huge fireplace, and 100 year old antique re-claimed barn timbers on the vaulted ceilings. The 4-1/4" oak flooring contributes to the aspen theme of the home. The wood trim in the home as well as the knotty alder doors, have all been hand glazed for the rustic and antique sought after look of the home. The kitchen has maple cabinetry complete with stainless steel

appliances. The cabinets are finished with a dull rub application and hand crafted glaze to induce the rustic feel of the home. The Owner's suite is a massive 1000 square feet. It is truly a get away from the stresses of work. As you enter the suite you are greeted by a stone fireplace with a barrel ceiling. There are also a set of French doors out to the rear paver patio from here. The bedroom ceiling has hand made knotty alder beams on the vaulted ceilings that carry through into the master bathroom. Here you will see separate his and her antique vanities, with black glass tops, a Jacuzzi tub, and a huge shower complete with body sprays. The lower level is also finished complete with a huge oak bar, office, and an exercise room.

This home was designed for this lot, to take advantage of the woods, and the views of the property out of every window. Special attention to detail was paid to make sure this home, inside and out, fit the character this special lot has to offer.
