

NEW CONSTRUCTION

Wintergreen Terrace, Algonquin

Many home buyers who have dreamed of owning the perfect home at the perfect price will find that their dream comes true with a new home from Wynwood Builders. With over 40 years of experience building semi-custom homes in the northwest suburbs, Wynwood is the local builder in the convenient and established neighborhood of Terrace Lakes in Algonquin.

Hank Braley, the company's owner, has helped hundreds of families find their dream home. "We are truly the only local builder in this area that can offer these custom-built homes at an attainable price," Braley said. "The personal attention that we provide has been the impetus for our success throughout the years."

Terrace Lakes features a 20-acre park with playground and tot lot, sparkling lakes and an 18-hole championship golf course. Families love the convenient location close to schools, shopping and expressways. We offer many two-story floor plans and several ranch plans, all of which can be tailored to fit the buyer's specific needs. Homes at Terrace Lakes, including some available for immediate

occupancy, range in size from a 2,130-square-foot 3-bedroom, 2½ bath to a 3,873-square-foot 4-bedroom, 4-bath 2-story with sunroom and study. Pricing starts in the mid \$400s.

Wynwood's custom floor plans offer the ability to design a home to suit your family and your lifestyle, with changes such as adding a home office, expanding a family room, or bringing the warmth of a fireplace to the master suite. Standard exceptional features include masonry fireplaces and state-of-the-art dual-fuel kitchens equipped with built-in gas cooktops and electric double ovens.

All homes feature oak flooring in the kitchen, breakfast area and front entry matched by superb detailing such as recessed dining room ceilings with crown molding and oak stairs and trim. Many homes include two-story family rooms, and all have gorgeous master suites with spacious closets and opulent baths—with the option of sunken whirlpool or designer soaking tubs and separate showers. Full basements, central air conditioning and brick-and-cedar siding are standard features, as are 3-car attached garages in the majority of models.
